

South Africa's technology leader in *enterprise applications.*

Optimise, secure and future-proof your digital transformation with Altron Enterprise Applications.

As South Africa's technology leader, Altron Enterprise Applications are uniquely positioned to help you handle the complexities of digital transformation with confidence and pave the way for technology investments that deliver real business value.

We understand the complexities of digital transformation and ensure your technology investments deliver real business value while reducing risk. Our deep industry expertise, advisory strength, and enterprise-grade solutions balance innovation with operational control, ensuring seamless integration, financial accountability, measurable ROI and value creation.

Your strategic enterprise applications partner

We empower organisations with end-to-end enterprise application solutions that drive efficiency, agility, and innovation. This includes:

- ➔ **Workforce management solutions.** Optimising workforce productivity, scheduling, cost optimisation and employee experience.
- ➔ **Microsoft business applications.** ERP, CRM, and Low-Code/No-Code solutions with Dynamics 365, Power Platform and more.
- ➔ **Software engineering & application modernisation.** Custom design, development and solutions.
- ➔ **Cloud integration & optimisation.** Enabling seamless, scalable, and secure cloud adoption.
- ➔ **Data-driven decision making & analytics.** Unlocking business intelligence through advanced analytics, AI, automation and virtual agents.
- ➔ **Smart skills (staff augmentation).** Providing specialised IT talent.
- ➔ **Product & platform development.** Designing, building, and scaling enterprise-grade digital products and platforms.

**We help you streamline operations, optimise workforce management
and drive digital transformation that fuels sustainable growth.**

Strategic, integrated solutions

Backed by 60 years of local expertise, we will help you:

Optimise business efficiency across your enterprise

- Reduce costs, streamline workflows, and eliminate inefficiencies.
- Improve workforce productivity with smarter, AI-driven tools.
- Maintain operational resilience with seamless system integration.

Maximise return on investment

- Gain financial control with cost-saving strategies, such as up to 12% workforce cost reduction whilst improving employee satisfaction.
- Ensure every investment aligns with business goals and delivers measurable value.
- Drive financial accountability through structured implementation approaches.

Enable strategic growth and innovation

- Align enterprise applications with long-term business goals.
- Gain actionable insights through advanced analytics and AI.
- Position your organisation as a leader in digital transformation.

Why partner with us?

We help businesses operate efficiently, optimise performance, and transform for the future – delivering real impact across industries and society.

- ➔ **End-to-end solutions.** A complete enterprise applications offering, from strategy to execution.
- ➔ **Enterprise-grade governance & compliance.** Backed by the Altron Group with unmatched reliability and extensive markets and industry experience.
- ➔ **Innovation with stability.** A balanced approach that ensures agility without disruption.
- ➔ **Tailored to your business.** Custom solutions designed to maximise impact and provide long-term value.
- ➔ **South Africans for South Africa.** Unique understanding and ability to leverage local market insights for your business outcomes.

Altron Enterprise Solutions offers co-created, outcome-driven solutions powered by deep industry experience utilising innovative technology.
