

A woman with long black braids is looking at her smartphone. She is wearing a pink shirt. The background is a bright, sunny outdoor scene with green trees and a clear blue sky. The image is part of a promotional graphic for Netstar.

NETSTAR

A SUBSIDIARY OF ALTRON

PERSONAL SECURITY

*NEED EMERGENCY
ASSISTANCE?
JUST TAP YOUR APP!*

A person is shown from the chest up, holding a smartphone with both hands. They are wearing a denim jacket over a striped shirt. The image is overlaid with a blue gradient that fades from the left to the right, where the text is located.

PERSONAL SECURITY AT ITS BEST

Netstar Companion is an on-demand emergency response service that dispatches the nearest **Armed Response Officer or Emergency Medical Services** to your location – whenever you tap the app on your smartphone.

ABOUT NETSTAR COMPANION

Feel safe & supported

With Netstar Companion, you have access to over 1500 armed responders nationwide.

Quick & efficient response

The app automatically dispatches the closest responder to your phone's GPS location.

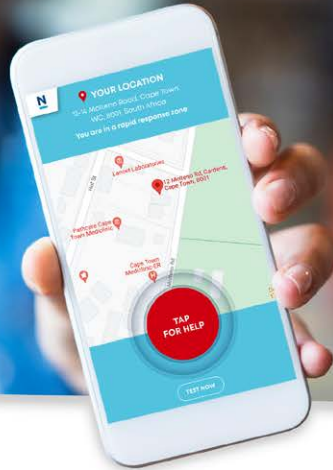

No matter the emergency, we've got you!

Whether you need armed response or medical assistance, just tap your app!

One family, one membership

Add additional family members to your account at a reduced fee.

KEY FEATURES & BENEFITS

Mobile Response

Netstar Companion is not limited to a specific place. You can use it from home, at the office – anywhere, any time.

Autonomous Dispatch

The system is not reliant on humans to identify and dispatch the closest response vehicle. Smart technology identifies the closest vehicle to your location and autonomously dispatches it.

Pinpoint Geo-located Incidents

The closest response vehicle is navigated to your exact GPS location, resulting in greater response accuracy.

Nationwide Response Network

We have partnered with the best response companies, to give you access to over 1500 armed responders, nationwide.

Rapid Response

The Netstar Companion Control Room will quickly call you on receipt of your panic.

Shake-to-Activate Mechanism

The emergency panic feature can also be activated by simply shaking your phone.

Emergency Messages

The app can send SMS messages with a link to your real-time location to 5 specified emergency contacts.

Emergency Recording

A 20-second audio/video recording is triggered on activation of a panic. The app automatically sends the file to the Netstar Companion server for safekeeping. This can be used as evidence in future legal action.

HOW IT WORKS

1

User activates mobile panic button

3

Responder navigates towards user's location

2

Closest responder accepts panic & control room contacts the user

4

User monitors as the responder proceeds to their location

HOW TO SIGN UP

- 1 Subscribe to Netstar Companion at www.netstar.co.za/netstar-companion
- 2 Download the Netstar Companion app from Google Play or the Apple App Store.
- 3 Complete the registration process in the app, using the same cellphone number as entered during the online subscription process.
